Scope of the Journal

ISSN: 1758-0366 (Print), ISSN: 1758-0374 (Online)

IJBIC discusses the new bio-inspired computation methodologies derived from the animal and plant world, such as new algorithms mimicking the wolf schooling, the plant survival process, etc.

Contents:

IJBIC publishes high-quality original papers, review articles and technical reports. Conference papers may be accepted if they have been substantially extended. Special issues of the journal that focus in on a particular aspect of the field are also published from time-to-time.

Topics covered include:

- New bio-inspired methodologies coming from:
 - creatures living in nature
 - artificial society
 - physical/chemical phenomena
- New bio-inspired methodology analysis tools
 - e.g. rough sets, stochastic processes, etc
- Applications associated with bio-inspired methodologies, e.g. bioinformatics, etc.

Not sure if this title is the one for you?

Visit the journal homepage at www.inderscience.com/ijbic where you can:

- View sample articles in full text HTML or PDF format
- Sign up for our free table of contents new issue alerts via e-mail or RSS
- View editorial board details
- Find out about how to submit your papers
- Find out about subscription options, in print, online or as part of a journals collection

You can order online at www.inderscienceonline.com or download an order form from www.inderscience.com/subform.

This title is part of the Healthcare and Biosciences Collection (see www.inderscience.com/hb). For library collection subscriptions or for a free institutional online trial, please contact subs@inderscience.com.
