Scope of the Journal

ISSN: 1757-2657 (Print), ISSN: 1757-2665 (Online)

IJCAET is a journal of new knowledge, reporting research and applications which highlight the opportunities and limitations of computer aided engineering and technology in today's lifecycle-oriented, knowledge-based era of production.

Contributions that deal with both academic research and industrial practices are included. IJCAET is designed to be a multi-disciplinary, fully refereed and international journal.

Contents:

IJCAET publishes original papers, review papers, technical reports, case studies, conference reports, management reports, book reviews, notes, commentaries, and news. Suggestions for special issues are welcome. To suggest a special issue, a one-page proposal should be submitted to the Editor-in-Chief, below, containing the following information: title; purpose; scope; a list of potential contributors and tentative paper titles; time-table (submission and review deadlines, intended publication date); and guest editor's address, phone, fax and e-mail address. Once approved, the guest editor will be fully responsible for the special issue and should follow the normal review procedure of IJCAET.

Topics covered include:

- Software tools
- Standards and specifications
- Optimisation technology
- Algorithms development
- Simulation technology
- Product lifecycle management
- Advanced manufacturing technology
- CAD/CAPP/CAM/PLM/ERP/DNC/CAQ
- Data mining
- Supply chain
