Scope of the Journal

ISSN: 1752-6906 (Print), ISSN: 1752-6914 (Online)

IJEPDM focuses on environmental policy and decision making and the associated consequences at local, national and global levels. The journal provides a trans-disciplinary and multi-stakeholder approach for environmental and development problems.

Contents:

IJEPDM publishes original and review papers, technical reports, case studies, conference reports, management reports, book reviews, notes, commentaries and news. Contributions may be by submission or invitation, and suggestions for Special Issues and publications are welcome.

Topics covered include:

- Multicriteria assessment of environmental policy/ecological economics/technologies
- Stakeholders' role in environmental policy/ecological economics/technology implementation
- Decision making for future environmental technology/policy/management strategies
- Participatory decision making in the waste sector/environmental pollution/sustainable development
- Integration of policies and research in the waste sector/environmental pollution/sustainable development
- Environmental impact analysis in the waste sector, pollution and development
- Biodiversity and climate change
- Future scenarios and global consequences
- Case studies analysis
