Scope of the Journal

ISSN: 1474-6778 (Print), ISSN: 1478-7466 (Online)

IJESD addresses matters related to environment and sustainable development, paying special attention to relevant issues in developing countries while reporting on the latest environmental trends in industrialised nations. Its range of themes encompasses ecological studies, field research, empirical work and descriptive analyses on topics such as environmental systems, environmental policies and politics, environmental legislation, environmental impact assessment, water and energy related issues, and sustainability. Other matters related to or which influence the international debate on sustainability will be also considered.

Topics covered include:

- Global environmental issues
- Agenda 21
- Energy, water, recycling, waste management
- Environmental reports
- Environmental policies and action plans
- Environmental systems
- Environmental legislation
- Environmental impact assessment
- Sustainable development approaches and methods
