# Scope of the Journal

ISSN: 1466-2132 (Print), ISSN: 1741-511X (Online)

*IJETM is a refereed and authoritative source of information in the field of environmental technology and management. Together with its sister publications IJEP and IJGEnvl, it provides a comprehensive coverage of environmental issues. It deals with the shorter-term, covering both engineering/technical and management solutions.*

## Contents:

The IJETM publishes original and review papers, technical reports, case studies, conference reports, management reports, book reviews, and notes, commentaries, and news. Contribution may be by submission or invitation, and suggestions for special issues and publications are welcome.

## Topics covered include:

- Cleaner and zero emission technologies
- Technological developments for environmental improvements, pollution control and economic development
- New industrial process methods, pollution control improvements and economic development
- Industry and energy technologies for sustainable product development and sustainable production
- Eco-design and eco-efficiency
- Ecologically driven manufacturing and services
- Concepts of environmental engineering and protection
- European and international law, regulations and technological standards
- Incentives for innovation in environmental improvements
- International comparison of welfare and environmental enhancement of cutting-edge technologies
- Investment and abatement technologies
- Case studies and evaluation of emerging environmental technologies
- Environmental audit
