Scope of the Journal

ISSN: 2399-5025 (Print), ISSN: 2399-5033 (Online)

IJGFI provides an international forum, especially for empirical papers, on corporate governance and equity ownership structure, financial institutions and financial intermediation, corporate finance, financial markets, strategic finance and other issues related to governance and financial intermediation. The journal focuses on issues of banking, finance and governance (macro and micro level) with particular emphasis on emerging markets, more specifically on the role of financial intermediary institutions as well as corporate governance and finance in institutional (macro level governance) and economic development.

Topics covered include:

- Banking and financial intermediation
- Corporate governance, agency theory and equity ownership structure
- Corporate and strategic finance, strategic management and organisation studies
- Financial development and inclusion, economic development
- Finance, growth, institutional development and law
- Privatisation and government-controlled firms
- Monetary economics and policies, fiscal policy and government budgets
- Financial stability, markets and instruments, and financial crises
- Portfolio theory, asset pricing and market microstructure
- Financial literacy, planning and personal finance; financial and managerial accounting
- Behavioural finance and experimental economics
- Family business, microfinance and SMEs, business groups and conglomerates
- Multinational finance and international economics
- ASEAN economic community; local governance and regional development
- Corruption and rent seeking behaviours
