

International Journal of

Nanomanufacturing

Editor-in-Chief:

Prof. Jiang Zhuangde

**Visit www.inderscience.com/ijnm
for more information and sample articles**

Scope of the Journal

ISSN: 1746-9392 (Print), ISSN: 1746-9406 (Online)

The increasing drive towards miniaturisation has dictated that new micro- and nanomanufacturing technologies are developed in parallel with nanotechnology, molecular engineering and biotechnology in order to keep abreast of future technological developments. IJNM provides a principal forum for the interchange of information on the science, process technology and applications of micro- and nanomanufacturing processes.

Contents:

IJNM publishes original high quality papers, rapid communications, timely review papers, technical reports, case studies. Special Issues devoted to developments in important topics in micro- and nanomanufacturing will be published periodically.

Topics covered include:

- Nanomanufacturing
- Micromanufacturing
- Materials in micromanufacturing and nanomanufacturing
- Tools and processes for micromanufacturing and nanomanufacturing
- Management of micromanufacturing and nanomanufacturing processes
- Micromanufacturing and nanomanufacturing enterprises

Not sure if this title is the one for you?

Visit the journal homepage at www.inderscience.com/ijnm where you can:

- View sample articles in full text HTML or PDF format
- Sign up for our free table of contents new issue alerts via e-mail or RSS
- View editorial board details
- Find out about how to submit your papers
- Find out about subscription options, in print, online or as part of a journals collection

You can order online at www.inderscienceonline.com or download an order form from www.inderscience.com/subform.

This title is part of the Science, Engineering and Technology Collection (see www.inderscience.com/set). For library collection subscriptions or for a free institutional online trial, please contact subs@inderscience.com.
