Scope of the Journal

ISSN: 1757-3971 (Print), ISSN: 1757-398X (Online)

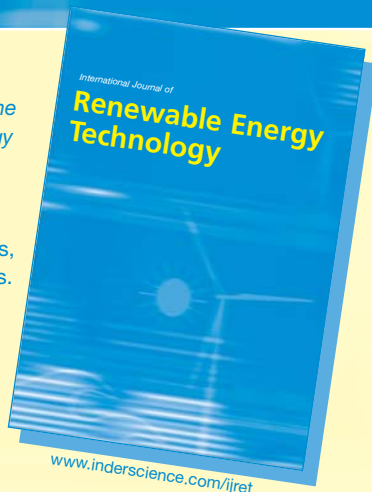

IJRET seeks to promote and disseminate knowledge of all the various topics and technologies of different renewable energy resources.

Contents:

IJRET publishes original papers, review papers, case studies, conference reports, panel session reports, and book reviews. Special Issues devoted to important topics concerned with renewable energy will occasionally be published.

Topics covered include:

- General resources
- Bio-energy, green power
- Hydrogen and fuel cells
- Geothermal energy, solar energy
- Water power, hydropower
- Wave, tidal, ocean energy
- Wind energy (off-shore and on-shore)
- [Marine] renewable energy generation, distributed generation
- Renewable energy industry
- Demand response/management
- Economics, energy regulations/policies/pricing
- Market deregulation, retail markets
- Investment coordination, risk analysis, security assessment
- Interconnection into the grid, power quality
- Climate change and global warming, environment
