# Scope of the Journal

ISSN: 1468-4349 (Print), ISSN: 1741-5233 (Online)

*CFD is now considered an indispensable analysis/design tool in an ever-increasing range of industrial applications. Practical flow problems are often so complex that a high level of ingenuity is required. Thus, besides the development work in CFD, innovative CFD applications are also encouraged. PCFD's ultimate goal is to provide a common platform for model/software developers and users by balanced international/interdisciplinary contributions, disseminating information relating to development/refinement of mathematical and numerical models, software tools and their innovative applications in CFD.*

## Contents:

PCFD publishes original papers and short communications, as well as book reviews, announcements and news. Contributions may be submission or invitation, and suggestion for special issues and publications are welcome.

## Topics covered include:

- Turbulence
- Two-phase flows
- Heat transfer
- Chemical reactions and combustion
- Acoustics
- Unsteady flows
- Free-surfaces
- Fluid-solid interaction
- Navier-Stokes solution techniques for incompressible and compressible flows
- Discretisation methods and schemes
- Convergence acceleration procedures
- Grid generation and adaptation techniques
- Mesh-free methods
- Distributed computing
- Other relevant topics

## Not sure if this title is the one for you?

Visit the journal homepage at [www.inderscience.com/pcfd](http://www.inderscience.com/pcfd) where you can:

- View sample articles in full text HTML or PDF format
- Sign up for our free table of contents new issue alerts via e-mail or RSS
- View editorial board details
- Find out about how to submit your papers
- Find out about subscription options, in print, online or as part of a journals collection

You can order online at [www.inderscienceonline.com](http://www.inderscienceonline.com) or download an order form from [www.inderscience.com/subform](http://www.inderscience.com/subform).

This title is part of the Science, Engineering and Technology Collection (see [www.inderscience.com/set](http://www.inderscience.com/set)). For library collection subscriptions or for a free institutional online trial, please contact [subs@inderscience.com](mailto:subs@inderscience.com).
