

Press Release

**Clarion Events and Forensic Science Society Announce Collaboration to Organise Forensics Europe Expo**

Forensic Europe Expo are delighted to announce the forthcoming event, 24 – 25 April 2013 at Olympia, London which will be run *In Collaboration* with the Forensic Science Society.

As a professional body for forensic practitioners the Forensic Science Society's participation includes presentations from a range of its professional members including the President, Dr Ann Priston OBE and Vice President, Mr Callum Sutherland. Dr Ann Priston welcomes this opportunity for practitioners, academics and interested parties to congregate and communicate on the multi-faceted aspects of forensic science.

The closure of the Forensic Science Service earlier this year has further impacted the forensic market place in regard to supply of services and products.

Forensic Europe Expo, sponsored by LGC Forensic, is *the* international event for sourcing forensic products, equipment and services in one dedicated forum. The event will bring together forensic suppliers, services and practitioners from across the globe to provide input on education, best practice, training and networking for the forensic sector and supply chain.

A free to attend exhibition and workshop programme will run alongside a thought provoking and strategy setting conference organised by *The Investigator* and will make this a must attend event for Forensic Professionals from: *Police/Law Enforcement, Legal Sector, Public Sector / Government / Home Office / Agencies, Intelligence Sector, Corporate / Private Sector, Military / Armed Forces, Universities and Laboratories.*

Philip Hunter, Forensics Europe Expo Event Director commented:

*"We are delighted the Forensic Science Society are working with us to deliver this very important event for the entire Forensic sector and thank them for their support and guidance in shaping the conference programme. Forensic Europe Expo is perfectly placed to serve the forensic sector as we evolve from the closure of the Forensic Science Service to an open market."*

For the forensic community who are members of the Forensic Science Society a special discount of 20% off the paid to attend conference programme will be made available shortly.

Visitor attendance to the exhibition is free by pre-registering at [www.forensicseuropeexpo.com](http://www.forensicseuropeexpo.com)

Companies interested in exhibiting should contact Zoe Bonser, Senior Sales Manager on T: +44 (0) 207 384 7778 E: [zoe.bonser@clarionevents.com](mailto:zoe.bonser@clarionevents.com)

## **Notes to Editors**

Forensics Europe Expo will be held 24 – 25 April 2013 at Olympia, London, UK. Entrance to the exhibition is free by pre-registering in advance at [www.forensicseuropeexpo.com](http://www.forensicseuropeexpo.com) and the conference is a paid to attend programme.

Forensics Europe Expo will also be co-located with Counter Terror Expo, the internationally acclaimed event for counter terrorism and security solutions.

Clarion Events organises more than 200 events (a mixture of exhibitions, conferences and seated events) annually across the globe. More than 12,000 companies trust us with their custom each year and over 700,000 people give their valuable time to visit our events. This success has come from identifying high-value, niche audiences in difficult-to-reach markets and then building them into market-leading products.
