

Assessment of the Supply Chain Risk and Risk Management in Amsterdam, Netherlands

Leading business intelligence service group, BIS Group s.r.o., is excited to announce an exclusive Supply Chain Risk Management Forum with the senior executives, industry leaders, experts and decision-makers within Supply Chain Industry.

BIS group s.r.o. announces the Supply Chain Risk Management Forum taking place on 12th – 13th September 2016, in Amsterdam, Netherlands. The event will be held specifically to disclose how to identify, assess and approach risk in the supply chain and how and which tools to use for effective capturing the necessary data. The Forum will showcase how to optimize through supply chain visibility supply chain operations while minimizing vulnerability and achieving resilience. Moreover, it will teach the best framework and strategies for managing supply chain risks and the ways to reduce third-party risk.

Vice Presidents, Directors, Heads, Top Managers and Analysts engaged in supply chain management will share their ideas and experience throughout 2-day practical case studies, in-depth panel discussions, interactive sessions and workshops. The small-scale nature of the event, high caliber speakers and balanced spectrum of attending companies will ensure extensive networking and business opportunities.
