

4th MICROBIOME R&D & BUSINESS COLLABORATION FORUM

Co-located with the **Probiotics** Congress

Collaborations in Microbiota Research, Probiotics, Health and Disease

This two-day, interactive meeting, will provide the opportunity to examine the latest research into microbial communities with a focus on translation to therapeutics. Across two separate tracks, key topics such as pharmaceutical involvement, venture capital investment, and R&D, both inside and outside the gut, will be covered.

In addition, there will be a vibrant exhibition room, 10 expert-led roundtable debates, 3 interactive panel discussions and venture capital pitch and partner sessions, providing numerous opportunities to seek partnerships and funding.
