Building on the success of previous sell-out shows, SMi Group is delighted to announce the return of the 4<sup>th</sup> annual conference and exhibition: **Pre-Filled Syringes - East Coast**, taking place on April 26th – 27th 2017 in Boston, Massachusetts, USA.

With an increase in chronic diseases, high competition between market providers, and a growing demand for ready-to-administer (RTA) syringes, the dynamic pre-filled syringes market has in recent years, witnessed a huge surge in investment. However, navigating through the PFS industry in areas such as regulation, manufacturing, safety assessment and combination products, can present complex challenges to success.

Through a combination of powerful keynote addresses, topical debate and interactive workshops, Pre-Filled Syringes East Coast will once again play host to an audience of senior scientists, device manufacturers and PFS market professionals, providing a unique platform to discuss the latest innovations and developments in pre-filled syringes; as well as hone in on industry challenges and regulatory compliance.

### **The notable speaker line-up will include:**

- Li-Chun Tsou, Global Device Technical Director, AstraZeneca
- Ronald Iacocca, Research Fellow, Delivery and Device, R&D, Eli Lilly
- Edmond Israelski, Director Human Factors, AbbVie
- Antony Trupiano, Head of Combination Product Development, Shire
- Sudeshna Dutta Ray, Senior Engineer Advanced Device Technology, Amgen
- Stephen Barat, Executive Director, Non-Clinical and Translational Sciences - Safety Assessment and Bioanalysis, Allergan
