

DDS Event Listing

Oxford Global's - 18th Annual Drug Discovery Leaders' Summit: 12-13 June 2017, Hotel Palace in Berlin, Germany.

This summit brings together over 250 key opinion leaders and senior industry experts in drug discovery, to discuss the latest innovative discovery strategies in different therapeutic areas as well as the most effective enabling technologies and solutions. Our co-located **5th Discovery Chemistry & Drug Design Congress** provides an unprecedented opportunity to gain insights from key presenters of the computational chemistry, discovery chemistry and medicinal field.

8 interactive streams:

- Drug Discovery Innovation and Strategies, Enabling Technologies
- Novel Drug Target Discovery for Immuno-Therapy, Autoimmune Diseases and Oncology
- Successful Phenotypic Drug Discovery: High Content Screening
- RNAi Screening, Cancer Genomics and Gene Editing for Drug Discovery
- Discovery Chemistry, Medicinal and Computational Chemistry
- Medicinal Chemistry and Drug Design: Novel Approaches.

Agenda: <http://bit.ly/2dUjWB5>

Free Pre-Congress Webinars

[Drug Discovery Open Innovation & Outsourcing](#)

Hosted by Patrick Kleyn, Director of Drug Target Innovation, EMD Serono

[Register for Free Today](#)

[Phenotypic Screening in Drug Discovery- Novel Tools & Applications](#)

Hosted by Paul Andrews, Director of Operations, National Phenotypic Screening Centre (NPSC), School of Life Sciences, University of Dundee

[Register for Free Today](#)

[Disruptive Technologies & Artificial Intelligence in Drug Discovery](#)

Hosted by Chris Gibson, CEO, Recursion Pharmaceuticals

[Register for Free Today](#)
