

3rd MICROBIOME R&D & BUSINESS COLLABORATION CONGRESS

Co-located with the **2nd Probiotics** Congress

Collaborations in Microbiota Research, Probiotics, Health and Disease

This two-day, interactive meeting, will provide the opportunity to examine the latest research into microbial communities with a focus on translation to therapeutics. Across two separate tracks, key topics such as commercialisation, diet, and R&D, inside and outside the gut, will be covered.

In addition, there will be a vibrant exhibition room and senior-level panel discussions, providing numerous opportunities to network and form partnerships.
