

Orphan Drugs and Rare Diseases Europe 2017

15th – 16th May 2017

Berlin, Germany

Crowne Plaza, Potsdamer Platz, Berlin, Germany

www.orphandrugs-event.com

SMi is proud to announce the return of their 6th annual Orphan Drugs event to Berlin on the and will continue to grow to reach nearly \$191 billion by 2019.* With such growth and innovation witnessed in this field now is the best time to discuss and strategize the best route to market. Germany is Europe's largest pharma market but is recognised as having one of the toughest pricing policies in Europe.

SMi's 6th annual Orphan Drugs will discuss the controversial German pricing mechanism as well as bring together leading industry professionals to discuss the latest regulatory developments, explore how to reduce costs and learn from the latest innovations in the orphan drug landscape.
