This year's conference will present the latest opinions within the infrastructure market from key professionals in **PPP, project financing and future market sectors such as renewable energy ventures**. Through discussions on the latest infrastructure projects in the region, informative presentations and networking opportunities, this premier event will provide an **unrivalled gathering of industry's infrastructure developers, investors, financiers & government agencies** in the Benelux region.

The Forum will provide insight into the recent changes of **project financing** for infrastructure in the Benelux area and evaluate the new mechanisms of investment such as **debt financing, Public-Private Partnerships (PPP), refinancing projects and subsidies** such as the **European Structural and Investment Funds (ESIF)**. Other new topics for this year include looking at the challenges of **project risk** in new markets for enticing investors; issues of increasingly **greener regulations** on slowing progress for projects; lessons learnt from outside of Benelux such as from the **Calais Harbour expansion project**; a look into future markets and where investment could be heading such as **energy storage, offshore wind and geothermal energy projects**; and a detailed look at **international investment** into Benelux infrastructure.

Featured speakers will include: 3i, ABN AMRO Bank N.V, AG Real Estate, Alexa Capital, Allen & Overy LLP, Allianz Global Investors, BNG bank, DEME, DG ECONOMIC & FINANCIAL AFFAIRS , DIF, Green Giraffe, Green Investment Bank, ING Investment Management Europe, Integrate Think Tank, Macquarie Capital, MEAG MUNICH ERGO Kapitalanlagegesellschaft mbH, NN Investment Partners B.V, Nord LB, Northland Power Europe Inc., PMV , Simmons & Simmons, SMBC Europe Limited Amsterdam Branch, Stibbe, Ventolines and more

Highlights in 2017:

- Detail on **emerging markets and future investment opportunities**, especially in the renewable sector
- Explore financing specifically related to **Public-Private Partnerships (PPP)**
- Engage with alternative forms of investment, such as **refinancing and debt financing**
- **Hear** the European Union's High-Level Task Force discuss their **latest findings on social infrastructure**
- Case study updates from major regional projects, including recent **offshore tenders, energy storage, data networks and Calais Harbour**
