

**Fully supported by Abu Dhabi Police, the inaugural GCC Forensic Science Conference 2017** is the must attend event for the entire forensic sector and supply chain in the Middle East. The event, taking place 14-15 November 2017 at The Westin Abu Dhabi, will showcase the latest equipment and services as well as providing the definitive source of education, best practice, training and networking.

The GCC Forensic Science Conference will take you on a journey starting at the scene of crime and finishing in the courtroom. The conference will offer a unique 360 degree viewpoint of the entire forensics industry; whether your interest is in laboratory equipment, scene of crime, digital investigation or forensic analysis, the GCC Forensic Science Conference is the event for you.
