

Oxford **Global's 4th Annual Drug Discovery USA Congress** will take place on 9 – 10 October 2017 in San Diego, USA, bringing together over 250 key opinion leaders in drug discovery. This exciting conference showcases the latest technologies and approaches being utilised across Immuno-therapy, Autoimmune diseases, Neuroscience and Oncology. Further sessions consider the key updates in medicinal and computational chemistry. The two-day congress offers an interactive platform for high level discussions, ensuring valuable networking and interactive sessions.

#### **4 Interactive Streams:**

- Drug Discovery Innovation and Strategies, Enabling Technologies for Immuno-therapy, Autoimmune Diseases, Neuroscience & Oncology
- Successful Phenotypic Drug Discovery: High Content Screening
- Discovery Chemistry: Medicinal and Computational Chemistry
- Discovery Chemistry: Medicinal Chemistry and Novel Approaches to Drug Design

#### **Free Webinar Recording:**

Advance in Fragmented-based Drug Discovery

Hosted by Vincent Stoll, Associate Director of Structural Biology, AbbVie
