

Subsea Power and Heating Cables Forum – Rocket Up

Deeper waters, further challenges, developing solutions. Take a sneak peek at the others approaches and tools and share yours.

Anticipating the needs of the industry professionals BIS group s.r.o. announces **3rd Annual Forum: Advanced Subsea Power and Heating Cables for the Oil & Gas Industry** taking place on 27th – 28th September 2017, in Village Hotel, Edinburgh, United Kingdom.

The event will reiterate the success of the previous years and will be focused on the latest trends in cable technology: forefront practices, advanced materials, optimized O&M management.

The Forum will cover such topics as:

- *Design and Qualification of HV AC and MV DC Wet Mate Electrical Connectors*
- *High Frequency DEH system*

- *Risk and Reward sharing, how to reduce cost and optimise the reciprocal cooperation and responsibility between Buyer and Contractor(s)*

- *Advanced Fault Finding Solutions on Long Lengths and Deep Sea Cable Installations*

- *etc.*

Be sure not to miss the **special feature of the event**: a limited number of the conference attendees will have the opportunity to **visit Oceaneering plant**.

Main market players will share their ideas and experience throughout 2-day practical case studies and in-depth discussions. The small-scale nature of the event, expert speakers and balanced spectrum of attending companies will ensure extensive networking and business opportunities.

About BIS Group s.r.o.

We are the Business Intelligence Services company based in Europe. We believe that knowledge is the most powerful asset, especially, in the context of time and money. This inspires us to work with top professionals, global leaders and experts active in Oil & Gas, Energy, Construction, Telecommunications, Pharmaceutical, Management and Financial Services. We are an exclusive platform supporting ambitious, progressive and forward-thinking companies and empowering them with the best market practices for today's fast changing markets.
