

Close Air Support 2018

6th and 7th June 2018

London, United Kingdom

<http://www.closeair-support.com/inderscience>

SMi Group's 4th annual Close Air Support conference returns to London, United Kingdom on the 6th and 7th June 2018.

As a key action that reinforces ground troops in close proximity to enemy fire; it's imperative that Close Air Support for both conventional and asymmetric operations is maintained and built. Join us this summer to hear exclusive briefings from the: RAF, US Air Force, French Air Force, JAPCC, Canadian Armed Forces, German Air Force, NATO, and more.

With a unique focus on military operations in an increasingly demanding environment, 2018's conference will gather key military, government, and industry figures to explore and discuss the latest technology and strategic developments and hear relevant mission updates from real-time operations!

Key topics include: Air-land integration, JTAC training and mission simulation, digitally aided close air support (DACAS), joint fire targeting and delivery, battlespace management, key platforms, national programme updates and much more.
