

**Helicopter Technology Central and Eastern Europe
23rd-24th May 2018
Prague, Czech Republic**

SMi is delighted to announce the return of the Helicopter Technology Central and Eastern Europe conference, taking place in Prague, Czech Republic on 23rd and 24th May, 2018.

This conference will enable military speakers from Central and Eastern European countries to present their current national situation in terms of helicopter technology, and enable them to meet allied and potential third-party partners with whom they could do business.

With the event being the only dedicated military helicopter conference in the region, it will provide attendees with a unique opportunity to explore new technologies and programmes from industry personnel and exhibitors.

Main topics at this conference will include: modernisation and readiness of regional rotary fleets, procurement goals and achievements, national security, operations and interoperability, platform and programme upgrades.

Event Highlights

1. Keynote briefing from Major General Jaromir Sebesta, Air Force Commander of the Czech Air Force
2. Hear from representatives from the V4 nations: Czech Republic, Poland, Hungary, and Slovakia
3. Listen to detailed updates on helicopter programmes and procurement goals the US Marine Corps, French Air Force, Royal Canadian Air Force, Joint Helicopter Command, and Commando Helicopter Force
4. A unique opportunity to explore new technologies and programmes from industry representatives and exhibitors
5. The only regionally dedicated military helicopter conference in 2018
