

Acknowledgement

The Editors are pleased to acknowledge the invaluable work done by the following reviewers without whose efforts, the *Int. J. Intelligent Systems Technologies and Applications* could not be published. The contributions of external referees are essential in maintaining the quality and integrity of the journals' standard of publication. The Editors also wish to express their gratitude to the members of the entire Editorial Board whose names are reflected on the masthead of each issue.

A special thanks, also, to Professor Peter Xu, who, as the outgoing editor, has put in great effort and dedication towards helping to make the *Int. J. Intelligent Systems Technologies and Applications* the quality of the publication that it is.
