
Reviewers 2010

We successfully accomplished the publication of the first volume of *International Journal of Strategic Business Alliances* and Vol. 1, No. 3 2010 has 'Free full-text access', see <http://www.inderscience.com/browse/index.php?journalID=303&year=2010&vol=1&issue=3>. The second volume started with a combined issue of 1 and 2. The journal has received a great recognition and acceptance by academic and managerial communities for providing an important instrument in development and sharing in the area of interfirm partnerships and collaborations. This mission could not have been accomplished without invaluable contributions of our many devoted reviewers. Thus, I would like to recognise precious contributions of the following reviewers who provided excellent feedback for the evaluations of manuscripts submitted to *IJSBA*.
