
Reviewers 2016

We would like express our thanks to those listed below who reviewed papers submitted to the *EJIE* in the year 2016. Each submitted paper is sent to three independent referees, and the editors' decisions depend heavily on referees' reliable assessment of submitted papers. We appreciate the time dedicated by the referees in assessing the first and revised versions of the papers. Needless to say, we appreciate the help of our editorial board members whose names are not listed below.

A. Allahverdi, R. Ruiz and J.M. Framinan
