We would like to thank the editors of the *International Journal of Entrepreneurship and Small Business* for allowing the special issue within the 9th International Finance Conference, IFC9, Paris, March 2018.

The conference scope covers new concepts, tools and methodologies in understanding financial theory and corporate policy, investment and financing decisions under uncertainty, globalisation and innovations in real and financial markets, corporate governance issues, modelling investment and financing decisions, risk management, value and wealth creation

The special issue highlights recent advances on risk in investment and financing decisions. The selected papers covers all areas related to joint ventures, small and medium enterprises, SME, experience of different countries.
