Biographical notes: Mohamed Lazaar received his PhD in March 2013 from the Faculty of Sciences and Technics, Sidi Mohammed Ben Abdellah University of Fez. He was a Professor at the National School of Applied Sciences of Tetuan from 2013 to 2018. Currently, he is a Professor at National School of Computer Sciences and Systems Analysis, Mohammed V University-Rabat. He is a member in Smart Systems Laboratory and in Rabat IT Centerat ENSIAS. He is the founder and General Chair of *International Conference of Big Data, Cloud and Applications (BDCA'17)*. He is the Co-editor of *International Journal of Cloud Computing (IJCC)* 2016, Vol. 5, No 3. His research interests include the performance of machine learning methods, sentiments analysis and recommender systems.

Mohammed Al Achhab received his PhD in December 2006 from the University of Franche-Comté, Besançon, France, in the field of formal verification of reactive systems. He was a temporary Lecturer and Research Assistant, at the University of Franche-Comté from 2005 to 2006. He was an Assistant Professor at the Faculty of Sciences Dhar El Mehraz, Fez from 2007 to 2012. Currently, he is a Professor at the National School of Applied Sciences of Tetuan. His research focuses on the analysis and validation of the business process and adaptive e-learning.

Youness Tabii received his PhD in July 2010 from the National School of Computer Sciences and Systems Analysis (ENSIAS), Mohammed V University-Rabat. He is currently a Professor at (ENSIAS), Mohammed V University-Rabat. And he was a Professor at the National School of Applied Sciences (ENSA) of Tetuan (from 2011 to 2018). He is a member in

Information Technology Center and Information Retrieval and Data Analytics Team (IRDA Team) at ENSIAS. He is the Founder and General Chair of *International Conference of Big Data, Cloud and Applications (BDCA)*. He is a guest editor of *Big Data, Cloud and Application*, Springer 2018, ISBN 978-3-319-96291-7; *International Journal of Big Data Intelligence (IJBDI)* 2017, Vol. 4, No.3; *International Journal of Cloud Computing (IJCC)* 2016, Vol. 5, No. 3, and Head of *Master: Embedded and Mobile Systems 2015–2018*. His research interests include computer vision and artificial intelligence.

The guest editorial team would like to thank all authors for submitting their quality work to this special issue, and to the reviewers whose hard work contributed immensely in the quality of this successful special issue. Special thanks go to Professor Mika Sato-Ilic, Editors-in-Chief for approving and making this issue possible. Finally, warm thanks to all the members of the Inderscience team that participated in the edition and publication of this special issue.
