for more information and sample articles

Scope of the Journal

ISSN: 1755-8077 (Print), ISSN: 1755-8085 (Online)

IJADS promotes integration of functional and behavioural areas of business with concepts and methodologies of decision sciences and information systems, with explicit focus on modelling and applied decision-making. It offers practical guidance bridging the gap between theory and practice and draws on a wide range of disciplines, including accounting, decision sciences/management science, finance, information systems, marketing, operations/business process and strategic/organisational management. IJADS is the flagship journal of Alpha Iota Delta, the international honour society in decision sciences and information systems.

Contents

IJADS publishes original papers, review papers, technical reports, case studies, management reports, book reviews, notes, and commentaries. Special Issues devoted to important topics in decision sciences and information systems will occasionally be published.

Topics covered include:

- Accounting
- Decision sciences and management science
- Finance
- Information management and systems
- Marketing
- Operations and business process management
- Strategic and organisational management
