# Scope of the Journal

ISSN: 1753-0822 (Print), ISSN: 1753-0830 (Online)

*IJSEM proposes and fosters discussion on empirical and theoretical work on services economics and management. The journal seeks to provide a bridge between those conducting research on service economics and management on the one hand, and those working in the areas of service sectors on the other.*

## Contents:

IJSEM publishes original papers, reviews and short reports on all aspects of the economics, management science, and qualitative and quantitative methods used to study economic and management issues of the service sector.

## Topics covered include:

- Public service management, policy, comparisons, evaluation
- Public economics
- Service concepts, strategies, marketing and innovation
- Service operation and simulation
- New service development and process design
- Service supporting facilities, customer relationship management
- Service supply chain management
- Service project and quality management
- Service system design, operations, management, security, reliability
- ICT in services, e-commerce
- Service delivery, deployment, maintenance
- Human resources management in services
- Relationship between manufacturing and services
- Service in-housing versus outsourcing decisions
- Services in society, ethics and culture
