Scope of the Journal

ISSN: 1751-5254 (Print), ISSN: 1751-5262 (Online)

EJIE is an international journal aimed at disseminating the latest developments in all areas of industrial engineering, including information and service industries, ergonomics and safety, quality management as well as business and strategy, and at bridging the gap between theory and practice.

Contents:

EJIE publishes original full or short papers, as well as comprehensive reviews of special areas in the field. Real applications are particularly welcomed.

Topics covered include:

- Business and strategy, decision analysis
- Engineering economy, cost estimation
- Environmental issues
- Facility location, layout, design, materials handling
- Human factors, ergonomics, safety
- Education, case studies
- ICT and information systems
- Innovation, knowledge management, organisational learning
- Inventory, logistics, transportation, supply chain management
- Manufacturing, control, automation
- Product/process design and management
- Forecasting, production planning/control
- Project/operations management, scheduling
- Service systems/management, performance analysis, modelling/simulation
- TQM/quality engineering, reliability/maintenance engineering

Not sure if this title is the one for you?

Visit the journal homepage at www.inderscience.com/ejie where you can:

- View sample articles in full text HTML or PDF format
- Sign up for our free table of contents new issue alerts via e-mail or RSS
- View editorial board details
- Find out about how to submit your papers
- Find out about subscription options, in print, online or as part of a journals collection

You can order online at www.inderscience.metapress.com or download an order form from www.inderscience.com/subform.

This title is part of the Science, Engineering and Technology Collection (see www.inderscience.com/set). For library collection subscriptions or for a free institutional online trial, please contact subs@inderscience.com.
