Scope of the Journal

ISSN: 2050-2281 (Print), ISSN: 2050-229X (Online)

IJBD brings together research on the independency and interdependency of bonds and derivatives in one focus. The journal encourages innovation in using theory and research methodology in exploring each area independently and collectively. IJBD is the only journal that bridges the gap between theories, policies and practitioners in the field of bonds and derivatives.

Topics covered include:

- Debt securities and markets including Islamic bonds (Sukuk)
- Bonds sectors, instruments, yield spreads and risks
- Valuation of debt securities with or without embedded options
- Yield measures, spot rates and forward rates
- Analysis and managing bond portfolios, bond funds
- Evaluating interest rate strategies
- Managing interest rate risk with interest rate derivatives instruments
- Gaining insights into the risk profile of structured products

- Credit derivatives and intra-day marginalising
- · Delinquency, default and loss analysis
- Advanced liability structures
- Foreign exchange determination and forecasting
- International asset pricing and currency risk management
- Impact of electronic trading on FX markets
- International capital markets, international monetary/fiscal policy
