# Scope of the Journal

ISSN: 1745-0039 (Print), ISSN: 1745-0047 (Online)

*IJCE addresses collaborative decision-making within engineering, whereby multiple interested stakeholders resolve conflicts, bargain for individual or collective advantages, agree upon courses of action, and/or attempt to craft joint outcomes which serve their mutual interests. IJCE highlights implications that collaborative consensus-building activities have on both the efficiency of technical teams and the quality of their results. This acknowledges the complexity of collaborative engineering as an interface between decision/negotiation processes as well as in the assimilation of social/technical aspects of engineering activities.*

## Topics covered include:

- Collaborative decision making/analysis
- Distributive/integrative negotiation techniques
- Engineering as collaborative negotiation
- Collaboration science and technology
- Collaborative and concurrent lifecycle engineering
- Socio-technical frameworks for system engineering
- Joint decision making and social choices
- Activity theory for engineering modelling
- Construction of social reality
- Conflict detection, management and resolution
- Technical teamwork, intelligent agents, virtual teaming
- Case studies/applications

## Not sure if this title is the one for you?

Visit the journal homepage at [www.inderscience.com/ijce](http://www.inderscience.com/ijce) where you can:

- View sample articles in full text HTML or PDF format
- Sign up for our free table of contents new issue alerts via e-mail or RSS
- View editorial board details
- Find out about how to submit your papers
- Find out about subscription options, in print, online or as part of a journals collection

You can order online at [www.inderscienceonline.com](http://www.inderscienceonline.com) or download an order form from [www.inderscience.com/subform](http://www.inderscience.com/subform).
