# Scope of the Journal

ISSN: 1756-8463 (Print), ISSN: 1756-8471 (Online)

*IJEE is an interdisciplinary and refereed journal, a think tank that fosters environmental protection and innovative solutions to ensure healthy, safe and efficient industrial operations. It promotes feasible system design, development and management, bringing together sustainable technologies, people and sound processes. It provides cross-learning between various scientific, technological, business and economics disciplines such as agriculture, fisheries, transportation, oil and gas, mining, metallurgy, and areas of conflict, taking into account environmental, health and safety, and other issues of public concern.*

## Topics covered include:

- Nature and environment
- Human activities and intelligence, artificial intelligence, knowledge-based systems
- Air, water and land pollution
- Toxic and radioactive pollution
- Water supply and resources
- Agriculture and fisheries
- Transportation
- Oil and gas, mining and metallurgy
- Industrial processing
- Resources management and processing
- Areas of conflict
- Environmental technologies, including information technologies
- Health and safety, risk assessment and management
- Marketing and economics
- Engineering innovations, development and technical solutions
