# Scope of the Journal

ISSN: 0957-4352 (Print), ISSN: 1741-5101 (Online)

*IJEP provides an international forum in the field of environment and pollution and addresses early and medium-term challenges involving scientific prediction, modelling and assessment. It focuses on ground-breaking research in the science of environmental pollution, at the early scientific stage. It is one of three key journals which together offer complete coverage of environmental issues: IJETM focuses on technical/engineering, policy and management solutions for environmental problems, and IJGenVI focuses on future, longer-term environmental scenarios, ecological economics, climate change and biodiversity.*

## Contents:

IJEP publishes original and review papers, technical reports, case studies, conference reports, management reports, book reviews, and notes, commentaries and news. Contribution may be by submission or invitation, and suggestions for special issues and publications are welcome.

## Topics covered include:

- Review and assessment of policies
- Strategy for policy making
- Formulation of national/international environmental protection policy
- Comparative legal aspects of pollution
- Assessment of risks from water, soil and air pollution; effective and viable remedies
- Protection of soil and groundwater
- Ecosystem research
- Waste disposal strategies
- Ecological impact of pollutants
- Clean technologies
- Technological hazards
- Evaluation of environmental risk and safety
- Environment and sustainable development
- Environmental education and training

## Not sure if this title is the one for you?

Visit the journal homepage at [www.inderscience.com/ijep](http://www.inderscience.com/ijep) where you can:

- View sample articles in full text HTML or PDF format
- Sign up for our free table of contents new issue alerts via e-mail or RSS
- View editorial board details
- Find out how to submit your papers
- Find out about subscription options, in print, online or as part of a journals collection
