## Scope of the Journal

ISSN: 2055-6780 (Print), ISSN: 2055-6799 (Online)

*IJFIB provides a scientific publication outlet for the topic of financial innovation in the economics of banking. It focuses on financial innovation in terms of bank products and services, and bank production processes and organisational forms. This perspective acknowledges the complexity and importance of innovation in the financial intermediation industry. IJFIB aims to foster discussion and research on this fast-growing topic.*

### Contents:

IJFIB publishes original theoretical and empirical papers, review papers, surveys, case studies and book reviews. In particular, IJFIB publishes original research papers that advance our understanding of financial innovation in banking. Special issues devoted to important topics in financial innovation will occasionally be published.

### Topics covered include:

- Creation, diffusion and adoption of financial innovation
- Financial innovation models and drivers
- Banking business models and new value chains
- Process and product management
- E-banking business models and practices
- E-banking applications/portals/benchmarking and case studies
- IT government/strategy/security and control
- Outsourcing/process modelling and business process reengineering
- Retail and wholesale banking services and instruments
- Phone banking, mobile banking and trading online
- Payment systems and payment instruments
- Credit scoring and credit rating
- Risk transfer financial instruments
- Derivatives and structured products
- New financial instruments
