Scope of the Journal

ISSN: 2399-5025 (Print), ISSN: 2399-5033 (Online)

IJGFI provides an international forum for theoretical and empirical papers focused on emerging trends and fast-changing concerns in corporate governance and financial intermediation through sustainable value creation and global/local growth perspectives. Board composition, board performance and the mechanisms under which organisations are managed are focal research issues. The journal likewise publishes research on corporate finance, financial investment, financial markets and strategic finance. Research on new forms of financing, blockchains, green finance and decentralised finance is also welcome.

Topics covered include:

IJGFI is an interdisciplinary journal devoted to advancing knowledge in a range of fields including economics, business and finance. Its broad scope covers the following areas:

- Corporate governance, agency theory and equity ownership structure
- Corporate and strategic finance, strategic management and organisation studies
- Technology, corporate governance and financial intermediation
- Corporate governance and financial markets in emerging countries
- Financial, economic and institutional development and growth
- Privatisation and government-controlled firms
- Monetary economics, fiscal and legal policies, and government budgets
- Financial stability, markets and instruments, and financial crises
- Portfolio theory, asset pricing and market microstructure
- Behavioural finance and experimental economics
- Family businesses, microfinance and SMEs, and business groups and conglomerates
- Multinational finance and international economics
- Banking, insurance and financial intermediation
- New trends in finance, sustainable and green finance, decentralised finance, etc.
- Ethical issues, corruption and bad practices in relation to corporate governance and financial intermediation
