for more information

Scope of the Journal

ISSN: 2517-763X (Print), ISSN: 2517-7648 (Online)

Intelligence and sustainable computing is an interdisciplinary field involving various topics such as signal processing, image computing, biomedical informatics, cognitive radio, machine learning, and energy- and thermal-aware management of computing resources. Sustainable intelligence paradigms apply diverse analytical techniques to discover sustainable information suitable for efficient decision making. IJISC publishes high-quality research papers that explore different aspects of sustainable computing, and serves as an international forum for discussion and reference in this important field.

Contents

IJISC presents research findings related to energy- and thermal-aware management of computing resources. It therefore invites original and timely research articles in the field of power, energy, temperature and environment-related research areas of current importance. IJISC published original papers, state-of-the-art review papers, technical reports, case studies and book reviews.

Topics covered include:

- Signal processing architectures, algorithms and applications
- Image computing and data science technology
- Biomedical informatics and computation
- Artificial intelligence and machine learning
- Social relationship ranking on the internet
- Cognitive radio communication
- Machine learning and big data
- Real-time ubiquitous computing
- Intelligent and information systems
- Smart sensor networking
- Knowledge engineering, representation and extraction
- Green technologies in information, computing and communication systems
- Intelligent computing for sustainable energy
- Future advancements

Not sure if this title is the one for you?

Visit the journal homepage at www.inderscience.com/ijisc where you can:

- Read about the journal's aim, scope and readership
- View editorial board details
- Find out about calls for papers and how to submit
- Find out about subscription options, in print, online or as part of a journals collection

You can order online at www.inderscienceonline.com or download an order form from www.inderscience.com/subform.

This title is part of the Computing and Mathematics Collection (see www.inderscience.com/cm). For library collection subscriptions or for a free institutional online trial, please contact subs@inderscience.com.
