Scope of the Journal

ISSN: 2040-4468 (Print), ISSN: 2040-4476 (Online)

The field of knowledge-based development faces the major challenge of making concrete and relevant contributions to the amelioration of societies (i.e. creating a knowledge society) and not solely to the promotion of competitive advantage for businesses. IJKBD serves as a multi-disciplinary platform with a systems approach to the theory and practice of knowledge-based development activities and processes, focusing on knowledge cities and societies, knowledge-based urban development, knowledge and innovation clusters, and knowledge-intensive service activities.

Topics covered include:

- Knowledge-based value generation
- Knowledge-based economy
- Knowledge-based urban development
- Knowledge cities and regions
- Knowledge societies
- Multi-level approach to knowledge-based development
- Global best practices in knowledge-based development
- Knowledge and innovation clusters
- Knowledge-economy, assets and capital systems
- Knowledge-intensive service activities
