# Scope of the Journal

ISSN: 1477-9064 (Print), ISSN: 1741-8143 (Online)

*Significant amounts of theory are not applied to management practice, being too far removed from the world of practice or being sound but handled in a manner that confines them to academia. IJMP focuses on the pragmatics of informing management action/practice, translating existing theories into forms relevant, digestible and amenable to practical action, besides developing new insights by developing and examining leading edge managerial practices to enhance organisational performance. The challenges are dynamic, so the subject coverage is merely indicative.*
