# Scope of the Journal

ISSN: 1745-0055 (Print), ISSN: 1745-0063 (Online)

*IJMSI provides multidisciplinary approaches, either empirical or theoretical, to the study of materials and structural integrity. Its goals are to promote cross-fertilization of ideas between all the scientific disciplines having to deal with their own materials and structural integrity, including engineering, bionics, physics and chemistry. The journal encourages submission of new fundamental and interdisciplinary contributions on materials and structural integrity.*

## Contents:

IJMSI publishes original papers, review papers, technical reports, case studies, conference reports, management reports, book reviews, notes, commentaries, and news. Special Issues devoted to important topics in materials and structural integrity will occasionally be published

## Topics covered include:

- Advanced materials for structural integrity
- Advanced design theory and CAD for structural integrity
- Advanced manufacturing technology and CAM for structural integrity
- Physical mechanisms for structural integrity
- Bionic mechanisms for structural integrity
- Chemical mechanisms for structural integrity
- Vibration, impact and various environment protection techniques for structural integrity
- Experiments about structural systems or materials
- Electronic packaging technology and materials
- MEMS and nanotechnology

## Not sure if this title is the one for you?

Visit the journal homepage at [www.inderscience.com/ijmsi](http://www.inderscience.com/ijmsi) where you can:

- View sample articles in full text HTML or PDF format
- Sign up for our free table of contents new issue alerts via e-mail or RSS
- View editorial board details
- Find out about how to submit your papers
- Find out about subscription options, in print, online or as part of a journals collection

You can order online at [www.inderscienceonline.com](http://www.inderscienceonline.com) or download an order form from [www.inderscience.com/subform](http://www.inderscience.com/subform).

This title is part of the Science, Engineering and Technology Collection (see [www.inderscience.com/set](http://www.inderscience.com/set)). For library collection subscriptions or for a free institutional online trial, please contact [subs@inderscience.com](mailto:subs@inderscience.com).
