Scope of the Journal

ISSN: 1752-8933 (Print), ISSN: 1752-8941 (Online)

In recent years, frontiers of research in engineering, science and technology have been driven by developments in nanomaterials, encompassing a diverse range of disciplines such as materials science, biomedical engineering, nanomedicine and biology, manufacturing technology, biotechnology, nanotechnology, and nanoelectronics. IJNBm provides an interdisciplinary vehicle covering these fields. Advanced materials inspired by biological systems and processes are likely to influence the development of novel technologies for a wide variety of applications from vaccines to artificial tissues and organs to quantum computers.

Contents:

IJNBm publishes original high quality papers, rapid communications, timely review papers, technical reports, and case studies. Special issues devoted to developments in important topics in biological and nanostructured materials will be published periodically.

Topics covered include:

- Nanostructured materials/surfaces/interfaces
- Synthesis of nanostructures
- Biological/biomedical materials
- Artificial organs/tissues
- Tissue engineering
- Bioengineering materials
- Medical devices
- Functional/structural nanomaterials
- Carbon-based materials
- Nanomaterials characterisation
- Novel applications of nanomaterials
- Modelling of behaviour of nanomaterials
- Nanomaterials for biomedical applications
- Biological response to nanomaterials

Not sure if this title is the one for you?

Visit the journal homepage at www.inderscience.com/ijnbm where you can:

- View sample articles in full text HTML or PDF format
- Sign up for our free table of contents new issue alerts via e-mail or RSS
- View editorial board details
- Find out about how to submit your papers
- Find out about subscription options, in print, online or as part of a journals collection

You can order online at www.inderscienceonline.com or download an order form from www.inderscience.com/subform.

This title is part of the Science, Engineering and Technology Collection (see www.inderscience.com/set). For library collection subscriptions or for a free institutional online trial, please contact subs@inderscience.com.
