# Scope of the Journal

ISSN: 1468-4322 (Print), ISSN: 1741-5292 (Online)

*IJTPM is a refereed international journal that provides a professional and scholarly forum in the emerging field of decision making and problem solving in the integrated area of technology policy and management at the operational, organisational and public policy levels.*

## Contents:

IJTPM publishes original papers, theory-based empirical papers, review papers, case studies, conference reports, relevant reports and news, book reviews and briefs. Commentaries on papers and reports published in IJTPM are encouraged. Authors will have the opportunity to respond to the commentary on their work before the entire treatment is published. Special issues devoted to important topics in technology, policy and management, and related topics, will be published occasionally.

## Topics covered include:

- Management of technological innovation/development
- Critical technologies and policy analysis
- Evaluation of technology/systems
- Socio-economic consequences of new technologies
- Technology-based economic growth and government policy
- Globalisation and technology transfer
- Entrepreneurship, innovation and regional development
- Assessment of complex systems
- Policy decision-making and stakeholder involvement
- Technological risk and security
- Energy, sustainability and green technologies
- Infrastructure and transportation systems
- Information and decision technology
- Intellectual property and knowledge management
