# Scope of the Journal

ISSN: 1741-1874 (Print), ISSN: 1741-1882 (Online)

*IJVTM is devoted to original papers employing virtual technology and multimedia systems in science, social sciences, engineering and education. It publishes high-quality papers that report research addressing issues and concerns in the fields of virtual technology and multimedia and share their innovative uses to solve practical problems in different fields. IJVTM provides a forum for scientists, researchers, engineers, educators and vendors from different disciplines that will significantly benefit a wide variety of academic and industrial sectors.*

## Topics covered include:

- Innovative uses of virtual reality and multimedia to solve practical problems
- Systematical analysis, assessment and evaluation of virtual reality and multimedia systems and their impacts
- Virtual reality/multimedia-based training/education
- Research and evaluation of virtual reality, augmented reality, mixed reality
- Design and development of virtual reality and multimedia immersive environments, multimedia techniques, simulations and games
- Cultural heritage, philosophical/ethical/societal/international issues, standards-related virtual technology and multimedia uses
- Human-machine interface design, graphics modelling, rendering/animation, image/graphics techniques/systems, visualisation
- Virtual reality technology/software, software engineering

## Not sure if this title is the one for you?

Visit the journal homepage at [www.inderscience.com/ijvtm](http://www.inderscience.com/ijvtm) where you can:

- View sample articles in full text HTML or PDF format
- Sign up for our free table of contents new issue alerts via e-mail or RSS
- View editorial board details
- Find out how to submit your papers
- Find out about subscription options, in print, online or as part of a journals collection

You can order online at [www.inderscienceonline.com](http://www.inderscienceonline.com) or download an order form from [www.inderscience.com/subform](http://www.inderscience.com/subform).

This title is part of the Computing and Mathematics Collection (see [www.inderscience.com/cm](http://www.inderscience.com/cm)). For library collection subscriptions or for a free institutional online trial, please contact [subs@inderscience.com](mailto:subs@inderscience.com).
