About Inderscience Publishers

We are an independent company with over 35 years' publishing experience, offering over 420 high-quality peer-reviewed international journals in wide-ranging disciplines including science, engineering and technology; environment and sustainability; health and biosciences; computing; economics; and management. We pride ourselves on providing a framework for authors to publish in new areas. Our cross-disciplinary approach, international editorial boards and list of contributors make us a pioneering publisher that aims to foster and promote innovative thinking.

Linking centres of excellence worldwide

The Computing and Mathematics Journals Collection

One of our larger collections, with over 160 journals including the high-ranking titles *International Journal of Web Grid Services*, *International Journal of Bio-inspired Computing* and *International Journal of Mobile Communications*. Featuring original research papers, state-of-the-art reviews and technical and conference reports, the list covers a wide range of topics including applied and computational mathematics, artificial intelligence and intelligent systems, communications and mobile technology, computing science, applications and software, information systems and technology, internet and web services, and simulation and modelling

- Electronic Government, an International Journal
- International Journal of Ad Hoc and Ubiquitous Computing
- International Journal of Adaptive and Innovative Systems
- International Journal of Advanced Intelligence Paradigms
- International Journal of Advanced Media and Communication
- International Journal of Agent-Oriented Software Engineering
- International Journal of Agile and Extreme Software Development
- International Journal of Applied Cryptography
- International Journal of Applied Decision Sciences
- International Journal of Applied Nonlinear Science
- International Journal of Applied Pattern Recognition
- International Journal of Applied Systemic Studies
- International Journal of Artificial Intelligence and Soft Computing
- International Journal of Arts and Technology
- International Journal of Auditing Technology
- International Journal of Automation and Control
- International Journal of Autonomic Computing
- International Journal of Automotive Technology and Management
- International Journal of Autonomous and Adaptive Communications Systems
- International Journal of Big Data Intelligence
- International Journal of Bioinformatics Research and Applications
- International Journal of Bio-Inspired Computation
- International Journal of Biometrics
- International Journal of Business Information Systems
- International Journal of Business Intelligence and Data Mining
- International Journal of Business Intelligence and Systems Engineering
- International Journal of Business Performance and Supply Chain Modelling
- International Journal of Business Process Integration and Management
- International Journal of Cloud Computing
- International Journal of Cognitive Biometrics
- International Journal of Cognitive Performance Support
- International Journal of Collaborative Intelligence
- International Journal of Communication Networks and Distributed Systems
- International Journal of Computational Biology and Drug Design
- International Journal of Computational Complexity and Intelligent Algorithms
- International Journal of Computational Economics and Econometrics
- International Journal of Computational Intelligence in Bioinformatics and Systems Biology
- International Journal of Computational Intelligence Studies
- International Journal of Computational Materials Science and Surface Engineering
- International Journal of Computational Science and Engineering
- International Journal of Computational Systems Engineering
- International Journal of Computational Vision and Robotics
- International Journal of Computer Aided Engineering and Technology
- International Journal of Computer Applications in Technology
- International Journal of Computers in Healthcare
- International Journal of Computing Science and Mathematics
- International Journal of Convergence Computing
- International Journal of Creative Computing
- International Journal of Critical Computer-Based Systems
- International Journal of Data Analysis Techniques and Strategies
- International Journal of Data Mining and Bioinformatics
- International Journal of Data Mining, Modelling and Management
- International Journal of Data Science
- International Journal of Digital Culture and Electronic Tourism
- International Journal of the Digital Human
- International Journal of Dynamical Systems and Differential Equations
- International Journal of Electronic Banking
- International Journal of Electronic Business
- International Journal of Electronic Customer Relationship Management
- International Journal of Electronic Democracy
- International Journal of Electronic Finance
- International Journal of Electronic Governance
- International Journal of Electronic Healthcare
- International Journal of Electronic Marketing and Retailing

- International Journal of Electronic Security and Digital Forensics
- International Journal of Electronic Transport
- International Journal of Embedded Systems
- International Journal of Engineering Systems Modelling and Simulation
- International Journal of Experimental and Computational Biomechanics
- International Journal of Experimental Design and Process Optimisation
- International Journal of Fuzzy Computation
- International Journal of Granular Computing, Rough Sets and Intelligent Systems
- International Journal of Grid and Utility Computing
- International Journal of High Performance Computing and Networking
- International Journal of High Performance Systems Architecture
- International Journal of Human Factors and Ergonomics
- International Journal of Human Factors Modelling and Simulation
- International Journal of Humanitarian Technology
- International Journal of Indian Culture and Business Management
- International Journal of Image Mining
- International Journal of Information and Coding Theory
- International Journal of Information and Communication Technology
- International Journal of Information and Computer Security
- International Journal of Information and Decision Sciences
- International Journal of Information Privacy, Security and Integrity
- International Journal of Information Quality
- International Journal of Information Systems and Change Management
- International Journal of Information Systems and Management
- International Journal of Information Technology and Management
- International Journal of Information Technology, Communications and Convergence
- International Journal of Innovative Computing and Applications
- International Journal of Intelligent Defence Support Systems
- International Journal of Intelligent Engineering Informatics
- International Journal of Intelligent Enterprise
- International Journal of Intelligent Information and Database Systems
- International Journal of Intelligent Systems Technologies and Applications
- International Journal of Intercultural Information Management
- International Journal of Internet and Enterprise Management
- International Journal of Internet Manufacturing and Services
- International Journal of Internet Marketing and Advertising
- International Journal of Internet Protocol Technology
- International Journal of Internet Technology and Secured Transactions
- International Journal of Knowledge and Web Intelligence
- International Journal of Knowledge Engineering and Data Mining
- International Journal of Knowledge Engineering and Soft Data Paradigms
- International Journal of Knowledge Management Studies
- International Journal of Knowledge-Based Development
- International Journal of Learning Technology
- International Journal of Machine Intelligence and Sensory Signal Processing
- International Journal of Manufacturing Research
- International Journal of Manufacturing Technology and Management
- International Journal of Mathematical Modelling and Numerical Optimisation
- International Journal of Mathematics in Operational Research
- International Journal of Mechanisms and Robotic Systems
- International Journal of Mechatronics and Automation
- International Journal of Mechatronics and Manufacturing Systems
- International Journal of Medical Engineering and Informatics
- International Journal of Metadata, Semantics and Ontologies
- International Journal of Metaheuristics
- International Journal of Mobile Communications
- International Journal of Mobile Learning and Organisation
- International Journal of Mobile Network Design and Innovation
- International Journal of Modelling, Identification and Control
- International Journal of Multimedia Intelligence and Security
- International Journal of Network Science
- International Journal of Networking and Virtual Organisations
- International Journal of Organisational Design and Engineering
- International Journal of Planning and Scheduling

The Computing and Mathematics Journals Collection

- International Journal of Process Systems Engineering
- International Journal of Radio Frequency Identification Technology and Applications
- International Journal of Reasoning-based Intelligent Systems
- International Journal of Satellite Communications Policy and Management
- International Journal of Security and Networks
- International Journal of Sensor Networks
- International Journal of Service and Computing Oriented Manufacturing
- International Journal of Services and Standards
- International Journal of Services Technology and Management
- International Journal of Simulation and Process Modelling
- International Journal of Smart Grid and Green Communications
- International Journal of Social and Humanistic Computing
- International Journal of Social Computing and Cyber-Physical Systems
- International Journal of Social Media and Interactive Learning Environments
- International Journal of Social Network Mining
- International Journal of Soft Computing and Networking
- International Journal of Software Engineering, Technology and Applications
- International Journal of Space Science and Engineering
- International Journal of Space-Based and Situated Computing
- International Journal of Spatial, Temporal and Multimedia Information Systems
- International Journal of Sustainable Agricultural Management and Informatics
- International Journal of Swarm Intelligence
- International Journal of System Control and Information Processing
- International Journal of Systems, Control and Communications
- International Journal of Technology Enhanced Learning
- International Journal of Technology Policy and Law
- International Journal of Trust Management in Computing and Communications
- International Journal of Ultra Wideband Communications and Systems
- International Journal of Vehicle Systems Modelling and Testing
- International Journal of Virtual Technology and Multimedia
- International Journal of Web and Grid Services
- International Journal of Web Based Communities
- International Journal of Web Engineering and Technology
- International Journal of Web Science
- International Journal of Wireless and Mobile Computing
- Progress in Computational Fluid Dynamics, an International Journal

**Please note that some titles may appear in more than one collection; however, all quotations will be based on de-duplicated selections. A number of new titles will launch in 2021. An up-to-date listing of available titles and issues can be found in our online journals catalogue at www.inderscience.com/catalogue.*

Benefits of Access

- Content available at www.inderscienceonline.com
- Articles available in HTML and PDF format
- Organisation-wide access via IP address
- Alternative authentication such as Shibboleth also available
- Perpetual access to paid-for content
- Includes a 2 year complimentary back-file
- COUNTER-compliant usage statistics

- Digital preservation arrangements with CLOCKSS

Librarian Resources

For information about subscribing to, monitoring and providing access to our online journals, or to sign up to our mailing list for new titles and other relevant updates, please visit our web resource for librarians at www.inderscience.com/librarians.

Subscription Options and Further Information

A complete price list for the individual purchase of our titles can be found at www.inderscience.com/prices

A subscription to the Computing and Mathematics Collection or its' subsets can provide extensive discounts on the title list price depending on the number of titles chosen. Or you can create your own customised collection of 15 titles or more.

To request a quotation, to set up a FREE institutional online trial or for further information about our licensing options, please email subs@inderscience.com.

All Inderscience titles offer both traditional and open access publishing options for authors. Please email subs@inderscience.com if you or members of your organisation are interested in discussing institutional payment models for article processing charges (APCs).
