About Inderscience Publishers

We are an independent company with over 35 years' publishing experience, offering over 420 high quality peer-reviewed international journals in wide-ranging disciplines including science, engineering and technology; environment and sustainability; health and biosciences; computing; economics; and management. We pride ourselves on providing a framework for authors to publish in new areas. Our cross-disciplinary approach, international editorial boards and list of contributors make us a pioneering publisher that aims to foster and promote innovative thinking.

Linking centres of excellence worldwide

The Energy and Environment Journals Collection

With over 63 journals including the high ranking *International Journal of Environment and Pollution* and *International Journal of Global Warming*, this collection covers developing technologies and areas of long-term concern. The list is arranged into journals covering environment and sustainable development and those dealing with energy, nuclear science and technology, and infrastructures.

To find out more about each title on this list, please visit www.inderscience.com/ee

**Please note that some titles may appear in more than one collection; however, all quotations will be based on de-duplicated selections. A number of new titles will launch in 2021. An up-to-date listing of available titles and issues can be found in our online journals catalogue at www.inderscience.com/catalogue.*

Benefits of Access

- Content available at www.inderscienceonline.com
- Articles available in XML, HTML and PDF format
- Organisation-wide access via IP address
- Alternative authentication such as Shibboleth also available
- Perpetual access to paid-for content
- Includes a 2 year complimentary back-file
- COUNTER-compliant usage statistics
- Can be integrated into your database using Open-URL or CrossRef links
- Digital preservation arrangements with CLOCKSS

Librarian Resources

For information about subscribing to, monitoring and providing access to our online journals, or to sign up to our mailing list for new titles and other relevant updates, please visit our web resource for librarians at www.inderscience.com/librarians.

Subscription Options and Further Information

A complete price list for the individual purchase of our titles can be found at www.inderscience.com/prices

A subscription to the Energy and Environment Journals Collection can provide an extensive discount on the title list price. Subsets are also available in Energy; Environment and Sustainability; or Infrastructures and Energy. Or you can create your own customised collection of 15 titles or more.

To request a quotation, to set up a FREE institutional online trial or for further information about our licensing options, please email subs@inderscience.com.

All Inderscience titles offer both traditional and open access publishing options for authors. Please email subs@inderscience.com if you or members of your organisation are interested in discussing institutional payment models for article processing charges (APCs).
