

Online Journal Collections

About Inderscience Publishers

We are an independent company with over 35 years' publishing experience, offering over 420 high-quality peer-reviewed international journals in wide-ranging disciplines including science, engineering and technology; environment and sustainability; health and biosciences; computing; economics; and management. We pride ourselves on providing a framework for authors to publish in new areas. Our cross-disciplinary approach, international editorial boards and list of contributors make us a pioneering publisher that aims to foster and promote innovative thinking.

Linking centres of excellence worldwide

Our Collections

Inderscience Publishers' online journal collections represent excellent value for money. You can:

- Subscribe to the Full Online Journal Collection
- Select one or more of our pre-selected subject collections
- Create a customised collection of 15 or more titles of your choice

The ten pre-selected online journal subject collections available to purchase are listed below, along with a guide to the number of titles* and the subject disciplines covered.

Please refer to the website address shown with each collection to see the titles included.

Librarian Resources

For information about subscribing to, monitoring and providing access to our online journals, or to sign up to our mailing list for new titles and other relevant updates, please visit our web resource for librarians at www.inderscience.com/librarians.

Subscription Options and Further Information

A complete price list for the individual purchase of our titles can be found at www.inderscience.com/prices.pdf.

A subscription to the Inderscience Publishers' Full Online Journal Collection, a pre-selected subject collection or a customised collection can provide extensive discounts on the title list price, depending on the number of titles chosen.

To request a quotation, to set up a FREE institutional online trial or for further information about our licensing options, please email subs@inderscience.com.

All Inderscience titles offer both traditional and open access publishing options for authors. Please email subs@inderscience.com if you or members of your organisation are interested in discussing institutional payment models for article processing charges (APCs).
