

## Online Journal Collections

### About Inderscience Publishers

We are an independent company with over 35 years' publishing experience, offering over 420 high-quality peer-reviewed international journals in wide-ranging disciplines including science, engineering and technology; environment and sustainability; health and biosciences; computing; economics; and management. We pride ourselves on providing a framework for authors to publish in new areas. Our cross-disciplinary approach, international editorial boards and list of contributors make us a pioneering publisher that aims to foster and promote innovative thinking.

Linking centres of excellence worldwide

# Our Collections

Inderscience Publishers' online journal collections represent excellent value for money. You can:

- Subscribe to the Full Online Journal Collection
- Select one or more of our pre-selected subject collections
- Create a customised collection of 15 or more titles of your choice

The ten pre-selected online journal subject collections available to purchase are listed below, along with a guide to the number of titles\* and the subject disciplines covered.

Please refer to the website address shown with each collection to see the titles included.

*\*Please note that some titles may appear in more than one collection; however, all quotations will be based on de-duplicated selections. A number of new titles will launch in 2021. An up-to-date listing of available titles and issues can be found in our online journals catalogue at*

[www.inderscience.com/catalogue](http://www.inderscience.com/catalogue).

- 
- Content available at [www.inderscienceonline.com](http://www.inderscienceonline.com)
  - Articles available in XML, HTML and PDF format
  - Organisation-wide access via IP address
  - Alternative authentication such as Shibboleth also available
  - Perpetual access to paid-for content
  - Includes a 2 year complimentary back-file
  - COUNTER-compliant usage statistics
  - Can be integrated into your database using Open-URL or CrossRef links
  - Digital preservation arrangements with CLOCKSS

## Librarian Resources

For information about subscribing to, monitoring and providing access to our online journals, or to sign up to our mailing list for new titles and other relevant updates, please visit our web resource for librarians at [www.inderscience.com/librarians](http://www.inderscience.com/librarians).

## Subscription Options and Further Information

A complete price list for the individual purchase of our titles can be found at [www.inderscience.com/prices](http://www.inderscience.com/prices)

A subscription to the Inderscience Publishers' Full Online Journal Collection, a pre-selected subject collection or a customised collection can provide extensive discounts on the title list price, depending on the number of titles chosen.

**To request a quotation, to set up a FREE institutional online trial or for further information about our licensing options, please email [subs@inderscience.com](mailto:subs@inderscience.com).**

All Inderscience titles offer both traditional and open access publishing options for authors. Please email [subs@inderscience.com](mailto:subs@inderscience.com) if you or members of your organisation are interested in discussing institutional payment models for article processing charges (APCs).
