### About Inderscience Publishers

We are an independent company with over 35 years' publishing experience, offering over 420 high-quality peer-reviewed international journals in wide-ranging disciplines including science, engineering and technology; environment and sustainability; health and biosciences; computing; economics; and management. We pride ourselves on providing a framework for authors to publish in new areas. Our cross-disciplinary approach, international editorial boards and list of contributors make us a pioneering publisher that aims to foster and promote innovative thinking.

Linking centres of excellence worldwide

# The Healthcare and Biosciences Journals Collection

Computational aspects feature heavily on our list as technologies push further into this domain, from general use of computers in healthcare through to computer-aided drug design and bioinformatics, alongside state-of-the-art research in biomechanics, nanotechnology and biomaterials

To find out more about each title on this list, please visit [www.inderscience.com/hb](http://www.inderscience.com/hb)

- International Journal of Biomechanics and Biomedical Robotics
- International Journal of Biomedical Engineering and Technology
- International Journal of Behavioural and Healthcare Research
- International Journal of Bio-Inspired Computation
- International Journal of Biometrics
- International Journal of Biomedical Nanoscience and Nanotechnology
- International Journal of Bioinformatics Research and Applications
- International Journal of Biotechnology
- International Journal of Cognitive Biometrics
- International Journal of Computational Biology and Drug Design
- International Journal of Computational Intelligence in Bioinformatics and Systems Biology
- International Journal of Computers in Healthcare
- International Journal of Computational Medicine and Healthcare
- International Journal of Computational Microbiology and Medical Ecology
- International Journal of Data Mining and Bioinformatics
- International Journal of Data Mining, Modelling and Management
- International Journal of Ecological Bioscience and Biotechnology
- International Journal of Experimental and Computational Biomechanics
- International Journal of Electronic Healthcare
- International Journal of Environment and Health
- International Journal of Functional Informatics and Personalised Medicine
- International Journal of Food Safety, Nutrition and Public Health
- International Journal of Healthcare Policy
- International Journal of Healthcare Technology and Management
- International Journal of Image Mining
- International Journal of Immunological Studies
- International Journal of Low Radiation
- International Journal of Liability and Scientific Enquiry
- International Journal of Mechatronics and Automation
- International Journal of Medical Engineering and Informatics
- International Journal of Machine Intelligence and Sensory Signal Processing
- International Journal of Nano and Biomaterials
- International Journal of Physiotherapy and Life Physics
- International Journal of Telemedicine and Clinical Practices
- The Botulinum Journal

*\*Please note that some titles may appear in more than one collection; however, all quotations will be based on de-duplicated selections. A number of new titles will launch in 2021. An up-to-date listing of available titles and issues can be found in our online journals catalogue at [www.inderscience.com/catalogue](http://www.inderscience.com/catalogue).*

## Benefits of Access

- Content available at [www.inderscienceonline.com](http://www.inderscienceonline.com)
- Articles available in HTML and PDF format
- Organisation-wide access via IP address
- Alternative authentication such as Shibboleth also available
- Perpetual access to paid-for content
- Includes a 2 year complimentary back-file
- COUNTER-compliant usage statistics
- Can be integrated into your database using Open-URL or CrossRef links
- Digital preservation arrangements with CLOCKSS

## Librarian Resources

For information about subscribing to, monitoring and providing access to our online journals, or to sign up to our mailing list for new titles and other relevant updates, please visit our web resource for librarians at [www.inderscience.com/librarians](http://www.inderscience.com/librarians).

## Subscription Options and Further Information

A complete price list for the individual purchase of our titles can be found at [www.inderscience.com/prices](http://www.inderscience.com/prices)

A subscription to the Healthcare and Biosciences Online Journal Collection, the Full Online Journal Collection, or a customised collection can provide extensive discounts on the title list price, depending on the number of titles chosen.

**To request a quotation, to set up a FREE institutional online trial or for further information about our licensing options, please email [subs@inderscience.com](mailto:subs@inderscience.com).**

All Inderscience titles offer both traditional and open access publishing options for authors. Please email [subs@inderscience.com](mailto:subs@inderscience.com) if you or members of your organisation are interested in discussing institutional payment models for article processing charges (APCs).
