About Inderscience Publishers

We are an independent company with over 35 years' publishing experience, offering over 420 high-quality peer-reviewed international journals in wide-ranging disciplines including science, engineering and technology; environment and sustainability; health and biosciences; computing; economics; and management. We pride ourselves on providing a framework for authors to publish in new areas. Our cross-disciplinary approach, international editorial boards and list of contributors make us a pioneering publisher that aims to foster and promote innovative thinking.

Linking centres of excellence worldwide

The Science, Technology and Engineering Journals Collection

The collection contains a significant body of automotive and vehicle technology journals, including the key titles, *International Journal of Vehicle Design* and *International Journal of Heavy Vehicle Systems*. In addition, it provides substantial coverage of materials and manufacturing topics in particular, along with product design/development and electronic, robotic and control systems. A focused group of titles offers cutting-edge research in nanoscience and nanotechnology, while civil engineering is an expanding area of interest.

To find out more about each title on this list, please visit www.inderscience.com/set

- European Journal of Industrial Engineering
- International Journal of Automation and Control
- International Journal of Aerodynamics
- International Journal of Automation and Logistics
- International Journal of Advanced Mechatronic Systems
- International Journal of Applied Nonlinear Science
- International Journal of Alternative Propulsion
- International Journal of Applied Pattern Recognition
- International Journal of Agile Systems and Management
- International Journal of Additive and Subtractive Materials Manufacturing
- International Journal of Applied Systemic Studies
- International Journal of Aerospace System Science and Engineering
- International Journal of Abrasive Technology
- International Journal of Automotive Technology and Management
- International Journal of Automotive Composites
- International Journal of Biomechatronics and Biomedical Robotics
- International Journal of the Built Environment and Asset Management
- International Journal of Biomedical Nanoscience and Nanotechnology
- International Journal of Circuits and Architecture Design
- International Journal of Computer Aided Engineering and Technology
- International Journal of Complexity in Applied Science and Technology
- International Journal of Computer Applications in Technology
- International Journal of Collaborative Engineering
- International Journal of Continuing Engineering Education and Life-Long Learning
- International Journal of Critical Infrastructures
- International Journal of Computational Materials Science and Surface Engineering
- International Journal of Convergence Computing
- International Journal of Computational Science and Engineering
- International Journal of Computational Systems Engineering
- International Journal of Computational Vision and Robotics
- International Journal of Design Engineering
- International Journal of the Digital Human
- International Journal of Dynamical Systems and Differential Equations
- International Journal of Digital Signals and Smart Systems
- International Journal of Electronic Customer Relationship Management
- International Journal of Experimental Design and Process Optimisation
- International Journal of Electric and Hybrid Vehicles
- International Journal of Earthquake and Impact Engineering
- International Journal of Engineering Management and Economics
- International Journal of Enterprise Network Management
- International Journal of Embedded Systems
- International Journal of Engineering Systems Modelling and Simulation
- International Journal of Electronic Transport
- International Journal of Exergy
- International Journal of Forensic Engineering
- International Journal of Forensic Engineering and Management
- International Journal of Human Factors and Ergonomics
- International Journal of Human Factors Modelling and Simulation
- International Journal of Hydrology Science and Technology
- International Journal of Heavy Vehicle Systems
- International Journal of Industrial Electronics and Drives
- International Journal of Intelligent Engineering Informatics
- International Journal of Image Mining
- International Journal of Intelligent Machines and Robotics
- International Journal of Internet Manufacturing and Services
- International Journal of Information and Operations Management Education
- International Journal of Inventory Research
- International Journal of Innovation and Regional Development
- International Journal of Intelligent Systems Design and Computing

- International Journal of Industrial and Systems Engineering
- International Journal of Integrated Supply Management
- International Journal of Intelligent Systems Technologies and Applications
- International Journal of Instrumentation Technology
- International Journal of Internet Technology and Secured Transactions
- International Journal of Lifecycle Performance Engineering
- International Journal of Logistics Economics and Globalisation
- International Journal of Logistics Systems and Management
- International Journal of Mechatronics and Automation
- International Journal of Mass Customisation
- International Journal of Materials Engineering Innovation
- International Journal of Molecular Engineering
- International Journal of Modelling, Identification and Control
- International Journal of Machine Intelligence and Sensory Signal Processing
- International Journal of Machining and Machinability of Materials
- International Journal of Microstructure and Materials Properties
- International Journal of Mechatronics and Manufacturing Systems
- International Journal of Materials and Product Technology
- International Journal of Manufacturing Research
- International Journal of Masonry Research and Innovation
- International Journal of Mechanisms and Robotic Systems
- International Journal of Materials and Structural Integrity
- International Journal of Manufacturing Technology and Management
- International Journal of Nano and Biomaterials
- International Journal of Nonlinear Dynamics and Control
- International Journal of Nanomanufacturing
- International Journal of Nanoparticles
- International Journal of Nanotechnology
- International Journal of Operational Research
- International Journal of Ocean Systems Management
- International Journal of Product Development
- International Journal of Power and Energy Conversion
- International Journal of Power Electronics
- International Journal of Product Lifecycle Management
- International Journal of Process Management and Benchmarking
- International Journal of Project Organisation and Management
- International Journal of Productivity and Quality Management
- International Journal of Planning and Scheduling
- International Journal of Process Systems Engineering
- International Journal of Product Sound Quality
- International Journal of Powertrains
- International Journal of Precision Technology
- International Journal of Rapid Manufacturing
- International Journal of Remanufacturing
- International Journal of Radio Frequency Identification Technology and Applications
- International Journal of Research, Innovation and Commercialisation
- International Journal of Reliability and Safety
- International Journal of Sustainable Aviation
- International Journal of Systems, Control and Communications
- International Journal of Social Computing and Cyber-Physical Systems
- International Journal of System Control and Information Processing
- International Journal of Service and Computing Oriented Manufacturing
- International Journal of Supply Chain and Operations Resilience
- International Journal of Sustainable Design
- International Journal of Strategic Engineering Asset Management
- International Journal of Signal and Imaging Systems Engineering
- International Journal of Sustainable Manufacturing
- International Journal of Sustainable Materials and Structural Systems
- International Journal of Security and Networks

The Science, Technology and Engineering Journals Collection

- International Journal of Sensor Networks
- International Journal of Services and Operations Management
- International Journal of Space Science and Engineering
- International Journal of Sustainable Real Estate and Construction Economics
- International Journal of Six Sigma and Competitive Advantage
- International Journal of System of Systems Engineering
- International Journal of Society Systems Science
- International Journal of Structural Engineering
- International Journal of Surface Science and Engineering
- International Journal of Theoretical and Applied Multiscale Mechanics
- International Journal of Technology Management
- International Journal of Transport Technology and Innovation
- International Journal of Vehicle Autonomous Systems
- International Journal of Value Chain Management
- International Journal of Vehicle Design
- International Journal of Vehicle Information and Communication Systems
- International Journal of Vehicle Noise and Vibration
- International Journal of Vehicle Performance
- International Journal of Vehicle Safety
- International Journal of Vehicle Systems Modelling and Testing
- Journal of Design Research
- Progress in Computational Fluid Dynamics, An International Journal
- World Review of Intermodal Transportation Research

**Please note that some titles may appear in more than one collection; however, all quotations will be based on de-duplicated selections. A number of new titles will launch in 2021. An up-to-date listing of available titles and issues can be found in our online journals catalogue at www.inderscience.com/catalogue.*

Benefits of Access

- Content available at www.inderscienceonline.com
- Articles available in XML, HTML and PDF format
- Organisation-wide access via IP address
- Alternative authentication such as Shibboleth also available
- Perpetual access to paid-for content
- Includes a 2 year complimentary back-file
- COUNTER-compliant usage statistics
- Can be integrated into your database using Open-URL or CrossRef links
- Digital preservation arrangements with CLOCKSS

Librarian Resources

For information about subscribing to, monitoring and providing access to our online journals, or to sign up to our mailing list for new titles and other relevant updates, please visit our web resource for librarians at www.inderscience.com/librarians.

Subscription Options and Further Information

A complete price list for the individual purchase of our titles can be found at www.inderscience.com/prices

A subscription to the Science, Technology and Engineering Online Journal Collection, or its subsets, can provide extensive discounts on the title list price depending on the number of titles chosen. You may also create your own customised collection of 15 titles or more.

To request a quotation, to set up a FREE institutional online trial or for further information about our licensing options, please email subs@inderscience.com.

All Inderscience titles offer both traditional and open access publishing options for authors. Please email subs@inderscience.com if you or members of your organisation are interested in discussing institutional payment models for article processing charges (APCs).
